REPLY DUE SEPTEMBER 27, 2010

Enclosed is the draft policy for Incident Blanket Purchase Agreements (I-BPAs). This policy will ultimately be published as a supplement to the Forest Service Acquisition Regulations (FSAR).

Please review the draft for clarity and understanding. You should coordinate with personnel from Acquisition Management, Fire and Aviation Management, Incident Business and Incident Finance to provide consolidated comments from your Region. Do not attempt to change the current formatting in the document. The document will be put into proper directives format once all comments have been incorporated as appropriate.
